

Children's Chapel (ages 3-5 years old)

While we strongly encourage all St. John's families to worship together, some families appreciate a little help teaching their children the basics of church life and communal worship. This is where the Children's Chapel comes into play! Located between Tilson Hall and the Parish Hall, the Children's Chapel provides space for age-appropriate lessons about church life (such as "Why do we have candles in worship?" or "Why do people dip their fingers in the font?") and the Bible. Children also enjoy songs and other activities designed to engage their interests and energies. Parents drop off their children starting at 8:40am, and pick-up their children during the Peace and Announcements portion of the worship service (around 9:20am).
