

The Chapel of St. Squirmy

There is a Chapel of St. Squirmy in both our traditional and contemporary worship spaces. These “chapels” offer a place for our youngest children who are still mastering their need to squirm and move during a worship. Children find books, coloring sheets, and other quiet activities they can do, whether they want to stay in St. Squirmy’s child-friendly space, or to take the activity back to their family’s seats. In addition, the St. Squirmy space in the Nave offers a supply of emergency diapers, snacks, and other necessities for families that find themselves a bit short-supplied on a busy Sunday morning.
